

Photography Policy

February 15th, 2025

Guests looking to have their portraits taken on the Trail Dust Town grounds should reach out to Silhouette Photography at 520.886.1710 or visit www.silhouettephoto.com. “Old West” sepia tone portraits are also available from Barking Iron Photography at 520.722.4015 or www.barkingironphotography.com. Silhouette Photography and Barking Iron Photography have prior authorization for portrait sessions on the Trail Dust Town grounds.

Guests looking to film scenes or have their portraits taken are asked to make prior arrangements with the Trail Dust Town administrative office or security team. The administrative office or security team will check for availability and sell the photographer a photography pass for a specific time period. Anyone interested in purchasing a photography pass ahead of their visit to Trail Dust Town should contact the administrative office first at 520.296.4551 or info@traildusttown.com.

A member of the Trail Dust Town team will approach any groups that appear to be engaging in a portrait session to verify their photography pass. Groups without a pass will be given the opportunity to purchase a pass or be asked to move to a different venue for their portrait session. Trail Dust Town staff members consider the following to indicate a portrait session.

- The purpose of the visit appears to be the portrait session.
- The subject changes pose several times at several locations.
- The subject(s) change clothes while on the grounds.
- The photographer uses several pieces of equipment such as lighting equipment, or multiple cameras and lenses.
- The photographer is rarely if ever a subject of the images.

Happy Trails,

Trail Dust Town Management
